ARCHITEKT JUTRA

CERTIFICATE

DATE OF ISSUE 11-10-2026

devstyle Devstyle sp. z o.o.

CERTIFICATE OF COURSE COMPLETION

Sebastian Strzałkowski

This certificate confirms the completion of the 33-hour *Architekt Jutra* course, covering the following skills:

- Designing enterprise software architectures that effectively incorporate AI capabilities
- Applying modular, plugin-based, and hexagonal architecture patterns
- Designing secure, governed, and auditable access to LLMs in enterprise environments
- Building integration layers for AI systems using LLM Gateway and MCP patterns
- Improving SDLC through process mapping, AI-assisted analysis, and automation
- Designing knowledge architectures based on RAG, ontologies, and integrated data sources
- Using AI to support domain exploration, architectural decision-making, and Spec-Driven Development
- Conducting AI-assisted architectural reviews focused on consistency, compliance, cost efficiency, and maintainability
- Implementing observability, hallucination detection, and cost optimization for AI-powered systems
- Translating regulatory, compliance, and risk requirements into practical AI architecture decisions

Course instructors:

Łukasz Szydło — **Łukasz Szydło**

Jakub Kubryński — **Jakub Kubryński**

Jakub Pilimon
